HALIBUT FISH TACOS RECIPE

Remove elements from box and place halibut, cilantro lime marinade, tortillas, limes, guacamole & salsa in the refrigerator until ready to prepare.

1. Season halibut with salt & pepper. Add halibut to a large Ziploc bag or marinade tray and pour cilantro lime marinade over fish. Allow fish to marinate for 20-30 minutes.
To Grill: Preheat grill to medium heat and brush grill with oil to prevent fish from sticking. Grill the fish until it is opaque and starts to flake with a fork, 3-5 minutes per side. (cook time will vary depending on thickness of fish), flipping only once. Transfer fish to platter and then separate into large chunks.
Stove: Heat skillet over medium-high heat. Add 1 teaspoon olive oil to the pan. When it shimmers, add the fish filet and sear for 2-3 minutes per side until opaque and just cooked through. (cook time will vary depending on thickness of fish). Transfer fish to platter and then separate into large chunks.
2. Warm the tortillas and slice limes into wedges.
3. Assemble your tacos. Layer grilled fish, cilantro lime slaw & tropical salsa, in each tortilla. Top with a squeeze of fresh lime juice.
4. Enjoy with chips & guacamole.

Ways to warm your tortillas:

- Wrap a stack in aluminum foil and put them in the oven at 350° for about 10 minutes. Keep them wrapped until you are ready to use them.
- Put them in a non-stick pan heating both sides until they start to get some color. This takes a bit more time, but chef's like this method!
- Get rid of the pan, grab some tongs, and hold your tortilla over a gas stove flame for 10-15 seconds on each side. This gives your tortillas a slight char and mild smoky flavor.
