

about the winery

Founded by John Paul in 1984, Cameron Winery makes its home on the beautiful hills above Dundee, Oregon. There, you'll find the stunning Clos Electrique, a 7-acre dry-farmed vineyard that includes Pinot Noir and Chardonnay, as well as more recently added Nebbiolo and a field blend of white Italian grapes. Dedicated to producing handcrafted, sustainably-farmed libations, this small family operation run by John and his wife Teri produces just 3,000 to 4,000 cases a year. You can frequently find them shopping at any Zupan's location as they travel between Portland and the winery.
